

Efficiency Above 100% with Advanced Heat Recovery Technology

Enhance efficiency and save up to \$80,000 annually by integrating a 01 MW gas generator system.

- Fuel Efficiency Above 100%
- Lower Fuel Cost & Operating Expenses
- Smart Waste Heat Recovery (HRSG Ready)
- Smart PLC Control & Automation
- Robust German Construction
- High Capacity & High Pressure Performance
- Safe, Certified & Low Maintenance
- Multi-Fuel Compatible & Space Saving Installation
