

Dana Power Company Ltd.

(A Concern of Dana Group)
(ISO 9001:2015 Certified Company)

Store Energy. Cut Costs. Power the Future.

Battery Energy Storage System (BESS)

Why BESS?

- Reduce electricity costs with smart energy storage
- Maximize savings by using energy at the right time
- Enable seamless integration with solar Power
- Gain independence from unreliable grid supply
- Ensure uninterrupted power during outages
- Enhance energy efficiency and system performance
- Lower carbon footprint with cleaner energy usage
- Optimize power usage with intelligent control systems

Major Applications

- ✓ Peak shaving and load management for industries
- ✓ Energy storage for residential solar systems
- ✓ Power stability for hospitals and critical services
- ✓ Grid stabilization and utility support
- ✓ Reliable backup power for commercial facilities
- ✓ Support for renewable energy integration
- ✓ Energy management for telecom and data centers
- ✓ Off-grid and hybrid energy solutions
